- 6) Read the passage given below and answer the following questions:

Passage: A good teacher always encourages students to ask questions and think independently. Learning becomes more effective when students actively participate in classroom activities. Teachers should create a friendly environment where students feel confident to express their ideas. This helps in developing both knowledge and communication skills.

Questions:

- (1) What does a good teacher encourage students to do?
- (2) When does learning become more effective?
- (3) Why should teachers create a friendly environment?
- (4) What skills are developed through active participation?
