PREAMBLE:

The objective of any programme at Higher Education Institute is to prepare their students for the society at large. The University of Bhakta Kavi Narsinh Mehta envisions all its programmers in

the best interest of their students and in this endeavor it offers a new vision to all its Under-Graduate Courses. It imbibes a Learning Outcome-based Curriculum Framework (LOCF) for all its Under Graduate programmers.

The LOCF approach is envisioned to provide a focused, outcome-based syllabus at the Undergraduate level with an agenda to structure the teaching-leaning experiences in a more Student-centric manner. The LOCF approach has been adopted to strengthen students 'Experiences as they engage themselves in the programme of their choice. The Under-Graduate Programmers will prepare the students for both, academia and employability. Each programme vividly elaborates its nature and promises the outcomes that are to be accomplished by studying the courses. The programmers also state the attributes that it offers to inculcate at the graduation level. The graduate attributes encompass values related to well-being, emotional stability, critical thinking, social justice and also skills for employability. In short, each programme prepares students for sustainability and life-long learning. The new curriculum of B.A. (Hons) Philosophy offers an updated syllabus which will bring students to the forefront of philosophical debates in various areas of philosophy, viz, metaphysics, epistemology, ethics, logic, and aesthetics. The syllabus is a combination of traditional aspects of philosophy along with modern trends. The University of Delhi hopes the LOCF approach of the programme B.A. (Hons) Philosophy will help students in making an informed decision regarding the goals that they wish to pursue in further education and life, at large.

Programme Objectives

The objective of this course is to make students familiar with Indian Intellectual traditions. This course will be an Introduction to the major schools of Indian philosophy. Focus will be on interactive learning where students will engage themselves into rigorous and an analytical examination of key concepts in a manner that enables them for contemporary engagement and reflection. The course will help the students in understanding the significance of Indian philosophical studies in their daily life, how to overcome the stress, how to manage their life and take challenges in life; hence there will be a focus on the dialectical and analytical method to understand Indian philosophy.

The aim is to make students familiar with and develop a clear understanding of the major concepts such as the Shruti and Smriti, Karma, Jnana and Bhakti in different systems, Idealism and Materialism, and Preyas, Shreyas and Nihsreyas in Kathopanishads etc. within Indian Philosophical studies. Debate amongst the schools regarding the nature of the self will enhance various perspectives and further increase students understanding of Indian Philosophical systems and their philosophy. Improved critical reading of the texts, their rational and logical understanding, and writing abilities. Exposure to various Indian Philosophical texts. Finally, it will give a holistic development of their personality

Programme Specific Outcomes

(1) Understand the broad ideas that are enshrined in the basic thinking of various centres of philosophy.

(2) Develop the idea of creating new theories of metaphysics and epistemology and ethics and logic and aesthetics

(3) Critically analyses the hypothesis, theories, techniques and definitions offered by philosophers.

(4) Utilize philosophy to understand social realities and problems and to come up with ideal solutions to them.

(5) Identify how deeply philosophy is connected to other disciplines like Economics and natural sciences and literature

(6) Understand and appreciate the foundational nature of philosophy
